The Society of Inquiry of Miss. College
To the Soc of Inquiry of P. Theo. Sem-

Dear Brethren—

Yours of March 2nd came to hand in due time, and we take pleasure in furnishing you with the desired information.

Present number of students, about one hundred; of the 125 that have been in attendance this year, about two fifths are Church members; nine have the ministry in view, eight licentiates; none contemplate becoming Missionaries in a foreign field.

State of religion in the community, cold and inactive—

Yours truly—
